DETAILED ACTION

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with the Applicants' Representative Kevin P. Radigan (Reg. No. 31,789) on November 10, 2005.

The claims are amended as the following:

Cancel: claims 28 and 29.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach the combinations of limitations of independent claims 1, 15, 30, 41, 51, and 61.

Matheny et al (USP 6259446) and Ciccone, Jr. et al. (US 6338149) do not explicitly teach: processing a record of said multiple unique records of inquiry, and if a condition of said record is satisfied then terminating processing of said group, otherwise processing a next record of said multiple unique records of inquiry and continuing until a condition of one record of said multiple records of inquiry is satisfied or all records of said multiple records of inquiry of said group have been processed of claims 1, 30 and 51; processing at least one inquiry of said plurality of inquiries of said dictionary file to accumulate said state information, said processing comprising for each instruction processed, outputting said result of said instruction from said dictionary file data structure when said condition of said instruction is satisfied, wherein said state information on said at least one computer system comprises
outputted results from said dictionary file data structure from satisfaction of said at least one instruction of claims 15, 41, and 61.

Dependent claims 2-14, 16-24, 26-27, 31-40, 42-47, 49-50, 52-60, 62-67, 69-70 incorporate the listed limitations by reference and contain limitations that further distinguish over the art of record. For these reasons, claims 2-14, 16-24, 26-27, 31-40, 42-47, 49-50, 52-60, 62-67, 69-70, are considered allowable over the art of record.
